

Finding the *Right* BLS Data for *Your* Needs

EMPLOYMENT AND UNEMPLOYMENT: Resources beyond the news release

THE BEST TIP: CONTACT OUR NATIONAL OR REGIONAL OFFICES FOR ASSISTANCE!
www.bls.gov/newsroom/mediacontacts.htm

Data Query System – www.bls.gov/data/#employment

Use the one-screen data search to find current and historical data.

Geographic Guide – www.bls.gov/guide/geography

The “Employment & Unemployment” section of the Geographic Guide is a great source for overviews of employment data by geographic availability. Find the type of data you need by clicking on “More” to view a pop-up window that includes links to the data and other resources.

Economy at a Glance – www.bls.gov/eag

Use this point-and-click map of the U.S. for quick retrieval of unemployment rates and industry employment numbers for States and metropolitan areas. The embedded dinosaur icons pull historical data for all series.
