

**COVERED EMPLOYMENT AND WAGES**  
**FIRST QUARTER 2002**

**STATE OF NEW MEXICO**  
GARY JOHNSON, GOVERNOR

**NEW MEXICO DEPARTMENT OF LABOR**  
CLINTON D. HARDEN JR., SECRETARY

Economic Research & Analysis  
Covered Employment & Wages  
P.O. Box 1928  
Albuquerque, NM 87103  
Telephone (505) 841-8645

## **TECHNICAL NOTE:**

This publication contains quarterly employment and wage data for workers covered by New Mexico Unemployment Insurance (UI) laws (this includes all state and local government workers), and for federal government employees covered by the Federal Unemployment Tax Act (FUTA). Employment data represents the number of workers on the payroll during the pay period including the 12<sup>th</sup> day of the month. This includes both full-time and part-time workers. Wages represent the gross amount of all payrolls for all pay periods paid within the quarter, regardless of the timing of the services performed. Commissions, bonuses, and overtime pay is included.

Approximately 97 percent of non-agricultural workers are covered under UI. Non-agricultural workers are covered when the employer has a total payroll for any calendar quarter of \$450 or more, or if there are one or more persons (part-time workers included) in employment in any part of the week in each of 20 weeks within a calendar year. Agricultural workers are covered when the employer has a total payroll for any calendar quarter of \$20,000 or more, or if there are ten or more persons (part-time workers included) in employment at any time in each of 20 weeks within a calendar year. Domestic workers are covered when the employer has a total payroll for any calendar quarter of \$1,000 or more.

Exclusions from UI coverage include, but are not limited to, independent insurance and real estate agents paid solely by commission, students in the employ of the school, college or university in which they are enrolled and regularly attending classes, and churches or church-sponsored organizations operated primarily for religious purposes.

Efforts are made to insure that the release of industry level employment and wage data conform to UI confidentiality requirements. Data is not published when there are fewer than three employing units, or if an individual employing unit represents 80 percent or more of total employment. In the following tables, an asterisk is used to represent data that is not disclosed due to confidentiality.
